

**ORION  
PLAST**

**Orion Plast.  
New Approaches.  
New Opportunities!**

## About Us

{ *Our business is sales of petrochemical products.* }

**Orion Plast is a largest supplier of polyethylene, polypropylene, polycarbonate, PVC, and polystyrene in Russia. Sales geography includes 30 regions of the Russian Federation and 7 near and far abroad countries.**

## Our Mission

**We at Orion-Plast leverage the most advanced and efficient business methods. We are continuously searching for the most efficient formulas of aggregating managerial solutions, motivating, organizing our resources and staff, and strategically planning. Our mission is to continuously improve our work. Orion Plast's motto is to be the best!**

## Our Employees

{ *CATIONS are positively charged ions.* }

All Orion Plast's employees are positively charged people.  
All best chemical professionals work in Orion Plast.

## Where Is Orion Plast Located?

{ *“The cradle of Russian organic chemistry”  
– this is how chemical historians defined Kazan.* }

Orion Plast is located in Kazan, Russia. This is one of the largest economic, political, scientific, and sports centers in our country.

Kazan has a high research potential.

Kazan researchers enjoy the global recognition in chemistry, physics, and mathematics. Outstanding scientific discoveries, such as creating non-Euclidean geometry by N. I. Lobachevsky, were made in Kazan, and many great chemists, such as Zinin, Butlerov, Popov, Arbusov, and Verechshagin, lived and worked here.

# 10 Principles of Orion Plast

{ *Chemical Reactions of Business!* }

## Orion Plast: Experience Gained over the Years!

*Man creates new materials for optical cables that can be exposed to seawater for thousands of years.*

## Orion Plast: Proven Suppliers

*The COMBINATION reaction is where two or more reactants get combined into one, more complex product.*

Our experience has been proven over the years. Orion Plast has been working in the industry since 1996. So, we have built a system of interaction that is not chaotic but follows the most complex developmental laws.

**Orion Plast combines all achievements and experiences of the entire petrochemical industry. Orion Plast's suppliers are the largest plants of Russia and near abroad, including:**

- PJSC Kazanorgsintez, Russia
- PJSC Ufaorgsintez, Russia
- JSC Stavrolen, Russia
- PJSC Nizhnekamskneftekhim, Russia
- PJSC Sibur, Russia
- UGCC, Uz Kor-Gas Chemical, Uzbekistan
- Shurtan GCC, LLC, Uzbekistan
- Kiyarly Gas Chemical Complex, Turkmenistan

## Orion Plast: Advanced Products!

*In chemistry, there are many constant values. For instance, Avogadro's constant is  $6.022 \times 10^{23} \text{ mol}^{-1}$ .*

## Orion Plast: Wide Array of Choices — a Wide Range of Products

*MOLECULA is the smallest particle of a substance, which determines its chemical properties and can exist independently.*

We at Orion Plast have constant values, as well: This is the quality of products we supply! We offer advanced products by giant companies of polymer industry.

**Orion Plast's experience allows us to sell complex organic synthesis products, such as...**

### **Polymers**

**HDPE** manufactured by Kazanorgsintez, Stavrolen, Karpatneftekhim, Gazprom neftekhim Salavat, UZ-KOR GAS CHEMICAL, Shurtan GCC, and Kiyarly Gas Chemical Complex

**LDPE** manufactured by Kazanorgsintez, Ufaorgsintex, Sibur, and Gazprom neftekhim Salavat

**Polypropylene** manufactured by UfaOrgSintez, Nizhnekamskneftekhim, Sibur, Stavrolen, UZ-KOR GAS CHEMICAL, and Kiyarly Gas Chemical Complex

**Polystyrene** manufactured by Nizhnekamskneftekhim and Gazprom neftekhim Salavat

## Orion Plast: Customer Focus!

*The stronger is the bond between molecules and the more bonds there are between them, the stronger and more stable is the material.*

## Orion Plast: Beneficial Prices

*MASS CONSERVATION LAW. The mass of the products in a chemical reaction must equal the mass of the reactants.*

This works both at the level of molecules and at the level of Orion Plast's customer relations. Our knowledge has earned customers' confidence for us. We put our customers' requirements before of all else. Working with us, you will experience the real service quality!

Economy law with Orion Plast: Products are sold at the manufacturer's price with minimum markups. Moreover, special offers are available. Our regular customers may enjoy a loyalty system. It is a bargain for the money!

## Orion Plast: Prompt Operations!

*CATALYSTS are substances that can accelerate chemical reactions, remaining unchanged.*

Orion Plast will accelerate your transaction. You get your desired amount of the chemical product at a reasonable price! Moreover, Orion Plast has its own warehousing facilities, efficiently manages transport streams, and provides handling services.

## Orion Plast: Continuous Sharing Best Practices!

*The EXCHANGE reaction is when the reactants exchange atoms or the whole constituent parts of their molecules with each other.*

At Orion Plast, exchange of best practices occurs continuously: Our employees improve their skills in international research laboratories and do internships throughout Russia and the whole world.

## Orion Plast: A Definite Success!

## And, Finally, the Result!

*ELECTRON DUPLET means two electrons  
performing a chemical bond.*

Choosing Orion Plast as your partner, you can be sure that you will enjoy collaboration based on our virtuosic crystallization of the world's best practices in building a business and on our masterful polarization of resources and advantages on the petrochemical market.

We are aiming at creating reliable relations with our customers. Your interaction with Orion Plast results in not only a successful transaction and fulfilling all the obligations related to deliveries. Working with our company is a guarantee of the stable development of our relations in future!
